The stock has not been sold yet, (we) will now transfer the stock to the client. The current market value is not too high, is it no good? Lost much, currently the client has about 500,000 shares, give or take.

Mr. Han,

Here to bother you again, the client saw the stock price dropped 28% with no updates and is feeling uneasy. Her cash flow was affected by the stock price fluctuations. We are hesitant to push Hong Kong since we haven't heard from them. Can you tell us what is going on at this point?

韩总，

又来打扰您了，客户看到蔚来汽车股价跌28%，至今没有新消息，已经坐立不安了，股价受影响她的资金也受影响，香港那边没收到邮件我们都不好意思催问了，目前到什么阶段了一点都不能透漏吗？

Hello Mr. Han,

The biggest client in Qingdao Ms. Jing Zhang invested 2 million USD to NIO automobile. An oversea stock trading account was set up previously according to the company's requirements (please see the attached photo for the detail). After the silent period the company plans to transfer the stock shares to Ms. Jing Zhang's stock trading account. Because[sic] this client is the biggest client in Qingdao and is influential within the local community, this client recently has had great anxiety due to the late (profits distribution) of company's product and the untimely information release. (I) would like to ask Mr. Han regarding the investment withdraw in NIO project:

1. Is there any other materials that should submit to the company?
2. When can complete progress of the stock transfer?

Looking forward for Mr. Han's reply,
thank you.
